

PepsiCo Palm Oil Mill List 2018

The following list is of mills that were in our supply chain in 2018 and does not necessarily reflect mills that are supplying or will supply PepsiCo in 2019. Some of these mills are associated with ongoing complaints that have been registered in our Grievance Mechanism and are being managed through our grievance process.

The following palm oil mill list is based on information that has been self-reported to us by suppliers and has only been partially independently verified (see our Palm Oil Progress Report for more information). Though we have made considerable effort to validate the data, we cannot guarantee its full accuracy or completeness.

Notes: As a result of the serious allegations made against REPSA and their failure to adequately address them, we made the decision to stop sourcing directly from Olmeca in May 2017. As of January 2018, we no longer received palm oil directly from REPSA. We have not received any palm oil from Olmeca mills since Q4 2018.

In September 2018, we publicly announced that we have taken steps to ensure our direct suppliers have placed a moratorium on sourcing from IndoAgri mills as a result of the failure of IndoAgri to resolve the grievance brought to the RSPO Complaints Panel by RAN, OPPUK and ILRF. We have not received any palm oil from IndoAgri mills since Q4 2018.
